

Saw Blades

Jameson's line of conventional 16" saw blades have been an industry standard with CATV and telecommunication companies for line clearance.

Expanding our product line to meet the demands of professional arborists, Jameson introduces Barracuda™ Tri-Cut Saw Blades.

Hard-chrome plated with impulse hardened teeth, tri-cut blades provide a quicker, cleaner cut with less wear on the blade than traditional blades.

SB-13TE
13" Tri-Cut Saw Blade
