

FG Series Hollow Core Poles

The professional's choice for tree trimming

Jameson's most popular pole costs less without sacrificing quality.

The hollow core FG series poles are lighter than the JE series poles, yet offer exceptional bending strength.

Hollow Core
1.25" Pole Diameter
.125" Wall Thickness

FG SERIES HOLLOW CORE POLES

FG Series poles are batch tested to 100KV per foot for five minutes.

Pole	Ferrule	3'	4'	6'	8'	10'	12'
