

Splicer Scissors

Manufactured for exceptional performance, Jameson splicer scissors are heat treated then ice tempered (cryogenically processed) for a longer lasting edge and precision ground for consistent quality.

Ideal for use in telecommunication, electronic and electrical wiring jobs. Available with plain, serrated and notched blades.

Notched, Serrated

Notched

Plain, Serrated

Plain

In the 1980's, the telecommunication standard for excellence in a snip was the ability to cut a penny in half. Jameson has maintained that highest level of performance for 20 years.

| Scissors | Part Number |
|------------------------------------|-------------|
| Scissors, Plain Blade | 32-21P |
| Scissors, Notched Blade | 32-21N |
| Scissors, Plain & Serrated Blade | 32-21PS |
| Scissors, Notched & Serrated Blade | 32-21NS |

Snip Grip® Ergonomic Handle

Increases cutting leverage while reducing hand and wrist fatigue.

Fits any manufacturer's standard 5" electrical scissors.

Sold separately or with Jameson scissors.

| Snip Grip® | Part Number |
|--|-------------|
| Snip Grip® Handle | 32-40 |
| Plain Scissors with Snip Grip® | 32-41P |

| Plain, Serrated Scissors with Snip Grip® | 32-41PS |
| Notched, Serrated Scissors with Snip Grip® | 32-41NS |

Splicer Skinning Knife

Straight style blade is molded into an easy-grip polymer handle that remains pliable in subzero temperatures. Blade is heat treated then ice tempered for a long lasting edge and is 20-25% thicker than comparable models.

| Skinning Knife | Part Number |
|--|-------------|
| Skinning Knife | 32-24J |
| Leather Knife Pouch; Slotted Belt Loop | 32-25 |
| Skinning Knife with Slotted Loop Pouch | 32-24P |
